Strengths: Good as always in every aspect. 1. lead whole group 2. communicate with clients 3. Making decisions on every step of the project 4. Good understanding of what we are doing now(Has a big picture for the project) 5. other thing(meeting, effort, contribution

Strengths: Always contributes to meetings. Always helps and takes initiative in research and tasks. Very good at client meetings.

Strengths: Michael has a good understanding of the schema and is the go-to guy about questions related to that. Always reliable, spearheads ETL research and always willing to help.

Strengths: Michael continues to spearhead the team; he has been a fantastic asset and has proven so over the course of the term. He is very reliable and very dependable when it comes to getting work done.

Strengths: Michael was a pleasure to work with, he did a lot of research for this project and contributed a lot of knowledge on DWH and ETL. He was always ready to help with any DWH related questions and did a great job with the ETL script!

Strengths: Great contribution to the team. A leader in the beginning of the first term, a great, more understandable for teammate leader in second term. Good knowledge of Databases. Great Job!

Strengths: A great team member and leader. Coordinated everything for the team and made sure we were all on track. Thank you!

Strengths: Always ready to help. Does good work that works and looks good. Shows up to every meeting!

Strengths: Michael has proven to be not only a great leader but an excellent mentor for the whole team. He takes initiative and ensures we're all on the same page when challenges are thrown our way. He is there to assist no matter what and is consistently keeping track of everything.

Strengths: 1. Already a great team leader 2. Better schedule on task division 3. Acknowledgment of other's work even it may not perfect

Strengths: Michael has shown a consistent work ethic throughout this project and continues to spearhead the group in the right direction.

Areas of Improvement: It would be better if he can distribute tasks earlier to everyone. I want to contribute more to this project, but I am very confused about the tasks sometimes. I understand this is not his responsibility since I am rating him with bonus mark every time, I think he should pay more attention to it. If he could, I would be very appreciated.

Areas of Improvement: It would be nice if you could do a bit of a better job keeping us updated with what you're working on.

Areas of Improvement: Keep us a bit more up to date with what you're working on. Could also try to show up to client meetings a little bit earlier.
